

ORTHODONTIST BRACES

Whilst there is nothing specifically in the AIBA rules regarding orthodontist braces, it is the preferred option that boxers have a letter from the orthodontist confirming that they are allowed to box.

Ideally a discussion should be held with whoever fitted the brace to see if boxing is possible, but this is not a mandatory requirement. If the orthodontist will not provide a letter then a waiver form should be signed in its place and is sufficient to allow the boxer to compete.

This will cover all involved when a boxer who is wearing a brace without an orthodontist letter wishes to compete.

With immediate effect, so long as a boxer has either an orthodontist letter or a signed waiver form, the Supervisor cannot stop the boxer from boxing. However, please note the doctor has the final say if the boxer is deemed fit to box.

The waiver form can be completed at any time up to the weigh-in and kept on file with the records of the event.

Please see below the approved waiver form for use.

Should you have any queries on how to use the form please contact Lynette Mayo on 0114 223 5654 or email enquiries@englandboxing.org.
