

HEAD OF PERFORMANCE – ENGLAND BOXING

Introduction

England Boxing's Talent Programme has been successful in delivering medals at all age grades, male and female World and European Championships, as well as the Youth Olympic Games.

In turn, this has seen overall targets successfully met. This growth and associated success provide an excellent opportunity upon which to build, both within the talent programme and England Boxing as a whole.

Aligned into England Boxing's strategy, the Talent programme is committed to building a system that delivers:

- A highly-effective and inclusive talent system that produces high performing boxers at every level, successful in international competitions and in turn ready for progression onto the GB Boxing World Class Programme (WCP).
- A system that is accessible to and offers workforce development opportunities to all regardless of gender, ethnicity, capability, sexual orientation or socio-economic background.
- Increased opportunities and widening access to the talent system to all boxers with the potential to succeed at international level.
- An integrated and inclusive talent pathway across clubs, regions, education and WCP sectors.
- Retention of England Boxers within the talent and performance pathway so all the leading boxers are signposted to and are motivated to join to the World Class Programme.

In order to achieve this, England Boxing is looking to employ a Head of Performance to oversee and deliver these responsibilities and ambitions within the organisation, so that we continuously improve our pathways and the standard of our talent pathway boxers.
