CHILDREN & YOUNG PEOPLE'S CHARTER

S05 – CHILDREN & YOUNG PEOPLE’S CHARTER

Your boxing, your voice

This charter has been co-designed with young boxers, whose voices and ideas have helped shape what matters most to them.

Children and young people are the future of our sport, and we are determined that you will thrive, and achieve your goals and full potential in a friendly and safe environment.

England Boxing will make sure that you always feel:

- Respected
- Valued
- You have a voice and are listened to
- Treated as an individual
- Safe from all forms of abuse
- Welcomed into a safe, caring club with a happy and friendly atmosphere
- Praised and encouraged

England Boxing will make sure you always have:

- A Club Welfare Officer who is there to listen and be supportive
- A safe, welcoming and encouraging environment to train in
- Coaches and volunteers who have the relevant qualifications, training and vetting and are encouraged to have you at the heart of what they do
- Encouragement to develop self-discipline and consideration for others
- Opportunities to learn new skills, develop confidence and a positive self-image
- An environment where positive behaviour is promoted
- Someone to talk too when things don't feel right

Want to talk?

There may be times when you feel unhappy, uncomfortable, angry, unsafe, isolated or just worried. Remember there is always someone who can help you:

- Club Welfare Officer
- Parents/carers
- Another trusted adult like a teacher or youth worker

If you cannot, or do not feel you want to speak to any of these people, you can contact the following organisations:

- Childline: 0800 1111
- NSPCC helpline: 0808 800 5000
